Telugu, Hindi, English

Projects

US Banking Application

Developed a web-based banking application that allows users to manage accounts, view transactions, and access banking services securely. Built responsive UI components using React.js and integrated backend APIs for real-time data.

FedEx Shipping & Tracking Application – Support Developer

Provided application support for a shipment tracking system developed using **React.js, JavaScript, HTML, and CSS**. Assisted in monitoring application performance, resolving UI issues, and supporting API integrations to ensure smooth tracking and delivery status updates.

Real-Time Chat Application (MERN Stack)

Developed a real-time chat application using **React.js, Node.js, Express.js, MongoDB, and Socket.IO** enabling instant messaging and real-time communication between users. <https://github.com/Govardhan0020/MernchatApp.git>
